Winflex

Waterproof Composite (SPC) Flooring

Winflex SPC (Stone Plastic Composite) Flooring represents the next generation of composite flooring. Its unique, durable SPC core provides up to three times greater stability and higher impact resistance. Additionally, it's 100% waterproof, making it perfect for areas prone to moisture. The high density and compact size make it ideal for use with floor heating systems. The click-tongue design allows for simple and quick installation without the need for adhesive.

The new Winflex SPC Flooring collection introduces more realistic designs, including the latest herringbone and chevron patterns, following global flooring trends. This product combines beauty, durability, waterproof protection, and innovative patterns with the ease of installation.

We invite you to explore the collection and discover the perfect flooring solution for both residential and commercial areas.

NEW in the Winflex Collection

Contemporary Colours:

The new Winflex collection introduces trendy Oak shades with an elegant, calm appearance and an extra matte surface.

Trending Patterns:

We are excited to present a brand-new and highly sought-after collection featuring fashionable Chevron and Herringbone patterns.

Realistic Texture:

Through an improved embossing process, we bring a touch of ultimate realism, replicating the look and texture of authentic natural wood.

Higher Wear Resistance:

The Winflex MASTER collection now offers the highest level of surface resistance (AC6), making it suitable not only for heavy domestic and commercial use but also for industrial environments (wear class 34).

5. CORK Underlayment

Advantages

PU Protection Layer:

Winflex® planks are coated with a polyurethane layer that protects the surface from scratches and dirt.

PU LAYER

V-Groove:

Beveled edges contribute to the natural look of the floor, creating a harmonious and stylish finish.

V-GROOVE

Eco-Friendly Floors:

Winflex® planks are produced using eco-friendly technology. They are free from phthalates and have passed antibacterial tests.

ECO

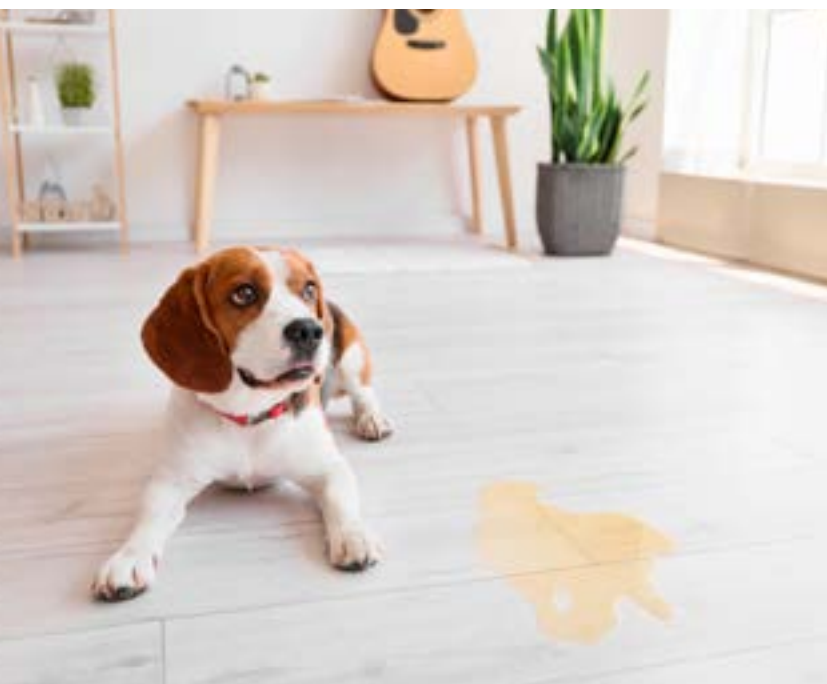

Easy to Maintain:

Thanks to the PU protective layer, the flooring is exceptionally easy to maintain.

EASY TO CARE

100 % Waterproof:

Due to their unique composition, Winflex® planks are waterproof, making them ideal for areas with high humidity.

Easy to Install:

The Winflex® click system ensures easy installation.

CLICK SYSTEM

Integrated Underlay:

Winflex® SPC flooring features an integrated thermal underlay, offering excellent thermal insulation and simplifying installation by eliminating the need for an additional layer. This enhancement improves comfort and energy efficiency in your space.

Underfloor heating:

Winflex SPC Flooring has good heat conduction and is well-suited for use with underfloor heating systems.

VOC TEST A+

*Information sur le niveau d'émission de substances volatiles dans l'air intérieur, présentant un risque de toxicité par inhalation, sur une échelle de classe allant de A+ (très faibles émissions) à C (fortes émissions)

A modern office lounge with a wooden floor, orange chairs, a bar counter, and large windows. The room features a high ceiling with exposed ductwork and a projector. A large potted plant hangs from the ceiling. The bar counter has a dark, ribbed front and a silver base. A white mug with the text "EST 1988" is on the counter. The floor is made of light-colored wood planks in a herringbone pattern.

**Beauty and durability of
the product goes hand in
hand with the simplicity
of installation.**

CHEVRON

Icons

Ensuring durability and reliability for high-traffic commercial spaces, backed by a 5-year warranty.

Providing long-lasting quality and durability for residential use, backed by a 20-year warranty.

Designed for heavy-duty use, offering exceptional wear resistance and durability.

Features an advanced 5G click-lock mechanism for quick, easy, and secure installation.

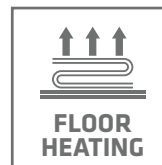

Reduces noise for a quieter and more comfortable environment.

Resistant to water, making it ideal for kitchens.

Provides a comfortable, cozy feel, enhancing warmth and comfort in any room.

Can be installed on underfloor water heating systems.

A durable, scratch-resistant surface that helps maintain the floor's appearance and makes cleaning easier.

Reduces the buildup of static electricity, keeping the floor clean and minimizing dust accumulation.

The surface resists stains and is simple to maintain, ensuring the floor stays looking great with minimal effort.

Resists warping and expansion, ensuring the floor maintains its shape and appearance over time.

Designed for quick and easy hassle-free setup, saving you time and effort during the installation process.

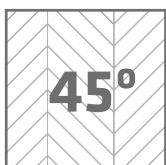

Withstands wear and tear from foot traffic, maintaining its appearance and durability over time.

Provides a secure, non-slip surface to help prevent accidents.

Offers added comfort and sound insulation while enhancing the floor's thermal performance.

A classic, elegant pattern with angled planks arranged in a "V" shape.
